

**WORKERS' COMPENSATION &
EMPLOYEE WELL-BEING SPECIALIST
Methodist Hospital of Southern California
Arcadia, CA**

Under general direction of the Executive Director of HR, the incumbent will ensure timely processing of workers' compensation claims; evaluate accident reports to determine accuracy and completeness and to ensure adequate investigation; ensure compliance with applicable laws and regulations; partner with leadership to reduce risk and successfully return employees to work; and initiate and maintain well-being initiatives.

The ideal candidate will preferably have the following: 3 years of experience in medical claims analysis or any equivalent combination of training and experience; knowledge of the Workers' Compensation Act and other applicable state/federal statutes and regulations; experience evaluating all medical and time-loss claims information to make determinations regarding payment of temporary total disability benefits and medical bills; good judgment in interpreting medical facts presented by a physician and applying these facts in determining an individual's capacity to engage in gainful occupation; and occupational/industrial health experience. A Bachelor's degree, CA RN or LVN license and clinical experience are also preferred, but not required.
